### There Are 7 Facts You Must Know About People To Succeed.

- 1 **People Are The Crown Of Creation.** We are God's highest thought. The Bible says that we are fearfully and wonderfully made.
- 2 **Their Assignment Requires The Uniqueness Of Their Personality.** Your personality is a gift from God uniquely sculptured for your calling, Assignment. This is the same for everyone.
- 3 **Their Personal Experiences Have Decided Their Persuasions, Passion And Perceptions.** Experiences birth prejudices. You are not born with a prejudice. People have opinions and persuasions and passions because of their *experiences*.
- 4 **Nobody Is As They First Appear.** *There are weaknesses that you don't see.* There are gifts you don't discern. They have pain you don't feel. Remind yourself of this continually.
- 5 **Their Perception Of You Determines Their Reception Of You.** *The way they see you determines how they receive you.* This is why appearance and conversation is important.
- 6 **What You Permit Will Increase.** *If you put up with something from someone, they will increase it.* You must help affect the behavior of people toward you. You must alter the conduct of others toward you. Don't stay in an environment that causes the worse to come out of you.
- 7 **Nobody Can Feel Your Pain.** When you experience pain, know that nobody can feel it. And because they cannot feel it, their reactions will be muted and neutralized and ineffective. This amplifies the importance of The Holy Spirit. He does feel your pain. Jesus is touched with the feelings of our infirmities.
